[illegible]
[illegible] Committee
to whom was referred the petition of the Sub Committee
of the School Committee, asking an appropriation to im-
prove the ventilation of the Grammar School Rooms
have attended to the subject, and ask leave to report.

[illegible]

The great importance that attaches to the subject
of having [illegible] where good numbers are congre-
[illegible]
of children. They stated that in two of the Grammar School

Houses, they had caused a ventilating apparatus to be constructed, which had been in operation nearly a year. The experience of this period authorized them to state, first that the air of the rooms had been greatly improved, and in the second place, that the expense of warming the rooms was diminished one half, besides a great saving in the consumption of the castings of the furnace. Such were the representations of the petitioners. In order to be fully satisfied, the Committee visited the Johnson School when the apparatus was in operation. The day was exceedingly wet and disagreeable, and yet the air of the rooms was found in an unobjectional condition. The masters fully sustained the representations of the petitioners; and from their statements, as well as from their own observations, the Committee were satisfied of the beneficial effects of said apparatus. In order however to have a more full investigation of the matter, the Committee, on a subsequent day, visited the Johnson School and the Boylston School. The day was dry and cold, and they found the air in the Johnson School in a tolerably good condition. This is a girls' school; and it is well known that the pupils in such schools are neater, and attend in cleaner and more tidy apparel, than the pupils in the boys' schools. In the Boylston School, however, the Committee found the air very disagreeable and oppressive; and they could not but feel the importance of executing some plan of relief. From the earnest representations of the petitioners and from the

result of their own examination, the Committee are of the opinion that the prayer of the petitioners ought to be granted; and they therefore recommend the passage of the following order; all which is respectfully submitted. Shillings Briggs, Chairman. Ordered, That the sum of Four Thousand Dollars be appropriated for the purpose of improving the ventilation of the Grammar School Houses - the same to be expended under the direction of the Joint Committee on Public Buildings - and be charged to the appropriation for School Houses. Passed in Common Council. Came up for concurrence. Read and

Joint The Joint Standing Committee
Report on the Harbor, present the following Report. The Committee
Harbor. ask leave to call the attention of the City Council to the
condition of certain Flats in the outer harbor, which are
covered by the waters. These Flats are the Great Brewster and Gal
lop Flats. In a report submitted to the City Council
last year, [illegible] a statement was made, and
facts submitted, tending to show that these Flats were
wasting away, and remedies were suggested to check the

One of the remedies proposed was to apply to the Legislature for the passage of a law providing the means of [illegible], and a guard from the shore of the Islands. They are still unprotected, and as no measure that can be depended upon, is made to place them in a state of security, your Committee recommend as an alternative, that application be made to the Legislature, at the present session, for a law of the kind above mentioned. Your Committee desire also to call the attention of the City Government to the situation of the flats lying [illegible] the City. [illegible] the General Court, as will be remembered, certain individuals petitioned for a grant of portions of those flats: the City through the Mayor, petitioned for a grant of the same, with a view of so controlling their disposition, [illegible] as will effectually secure the object desired and not be lost amid the competition of [illegible] Legislature have to withdraw their petitions, on the ground that before any grant was made of the flats prayed for a preliminary inquiry was necessary, to ascertain whether it was not to attempt any any improvement there for the benefit of commerce [illegible] Committee [illegible] Hon. Peleg Sprague, Hon. Samuel H. Walley, and Hon. Nathaniel B. Eggleston, and their report, under the commission, has been recently presented to the Legislature and printed by order of that body. Your committee are [illegible] to obtain printed copies for the use of the members

of the City Government, they need not here enter into its
details; one sentence only will they transcribe from its pages.
"It is serious" "if these rights of the Commonwealth in
the flats are to be hampered at all, the City of Boston
will not be legislated from those of navigation,
[illegible] of a trust that concerns the prosperity of the State and
the commerce of the Union." Your Committee cannot hesi-
tate under the circumstances, to recommend to the City
Government to present a petition to the General Court
asking a cession of the flats in question under such re-
strictions, as shall prevent interference with any private
rights which may exist in connection with the premises.
To carry out the views contained in this report the fol-
lowing order is submitted. For the Committee George E.
Head, Chairman. Ordered, That his Honor the Mayor
be requested to present a petition to the General Court of
the Commonwealth, requesting them to pass a law, with
suitable penalties, prohibiting any persons from taking sea-
weed, sand, gravel or other soil from the Mud Beaches
or Castle Islands in Boston Harbour, or from any of

The Joint Committee to whom was referred the petition of Henry Flanders &c. to be appointed to publish the advertisements of the City upon the customary terms," in the Daily Evening Traveller, have attended to the subject and beg leave to Report: The Committee find that in 1839, four Daily papers were selected and authorized to publish the advertisements of the City, for a compensation of $150 each - two were morning papers and two were evening papers. Subsequently at the close of the same year two additional morning papers, were authorized to do the same service, and to receive the same compensation - making six papers in all, four morning and two evening papers. Since this arrangement was made the population of the City has greatly increased; and the business of the City has increased in an equal ratio. It would therefore seem natural and proper that there should be some increase in the means of circulating

the advertisements of the City - and especially, as the ser- 61.
-vices rendered have greatly increased, while the compen-
-sation has remained the same. The Committee [illegible]
[illegible] daily [illegible] papers and give sufficient publicity to the City advertisements, had they been more equally divided between morning and evening papers. But as it is, the Committee think the public service may be promoted by employing one additional evening paper, making seven in all, four morning and three evening; and especially as the circulation of the Evening Traveller is represented as very large, and as going into many [illegible] upon which [illegible] matter [illegible] public service. Police, respectfully report: That they can learn of no
charges against the Superintendent in regard to his char-
acter, or his efficiency and attention to the interest of

80. the public, when at his post of duty, at the bridge. But from the testimony before the committee, it was evident, that he has not given his personal attention to the duties of his office, as much as he ought; and that his assistants have not been as efficient and accommodating, for most part, as the community has a right to expect and require. The reasons the Superintendent makes for his inattention to the duties of his office, and the employment of such incompetent assistants, are, that in past years, the draw has been in bad order and required so much labour to attend it, that his salary was not sufficient to enable him to give it his whole time, and hire men assistants as the good management of the bridge required, and support his family. But since the repairs of the past year, the labour is so much reduced, that he thinks that he can now and will, if re-elected, perform the duties of his office to the satisfaction of the community. The Committee find that the building on this bridge, is much out of repair, and they therefore recommend that a suitable building be provided for the accommodation of the Superintendent. Your Committee do not deem it advisable to make any suggestions or recommendations, in regard to the election of a Superintendent of this bridge, but merely to state the facts, as above, which they respectfully submit for the consideration of the City Council. Thos. Jones, Chairman. Accepted in Common Council. Came up for concurrence. Read and concurred.

The 2nd Standing Com = Public

[illegible] Council, a report on the situation of the Public Grounds,
and particularly those lying east of Harrison Avenue,
and their views as to the course that should be pursued
by the City Government in relation to the same. The City
own on the neck including flats embraced within the sea
wall recently erected, about 5,945,000 feet of land and flats.
This property will in the opinion of your Committee, be at
no very distant day, covered with a dense population.
Before which time however it must be filled up, graded
and prepared for the purpose. The City Council last year
purchased a farm at Dedham for the purpose of obtaining
material. And assuming, that these lands will sooner or
later be reclaimed, the questions naturally arise as to
when, and How this should be done. From its position there
is little doubt but that enough land could be leased, on
the margin, for lumber wharves, shops and planing mills
to pay the interest on the sum expended in reclaiming the
land [illegible] for the [illegible], as
the increase of the City, and the wants of the inhabitants
may demand. In addition to this the improvement of these
lands will naturally lead to the reclaiming by private indi-
viduals of the flats between the City property and the

convenience, and at the same time increasing the taxable property of the City. In this and other sessions, your committee are unanimously of opinion that the improvement should be commenced the present year, and pushed forward with all economical celerity to its completion. As to the best mode of performing the work, the Committee are of opinion that it can be most economically and conveniently accomplished, by laying down a track from the Providence Rail Road to the land in question, which will pass through its whole course over the lands and streets of the City— as there may be some question as to the right of the City to cross the latter without permission of the Legislature, your Committee are of opinion, that it would be wise to ask for the power to construct such a road, and to lay down tracks to any other part of the City lands on either side of Washington Street, as may be necessary or convenient for filling up or grading the same. In order to bring the subject directly before the Council, the Committee ask leave to submit the following resolution and order. Erick Pinney, Jr. Chairman. Resolved, That it is expedient to fill up the Lands, and grade the streets on the latter properly as the work will be economical distribution. Ordered, That the Mayor be directed to apply to the Legislature for any power that may be required to enable the City to lay down tracks for the road. Ordered, That the Treasurer be authorized under the direction of the Committee on Finance to borrow a sum not exceeding Seventy five thousand dollars to be expended under direction of

the Committee on Public Lands in preparing the City prop-
-erty at the South End for Market. A. In Common Council,

previously passed and sent up for concurrence, the within
second order was passed at this meeting, with this amend-
ment:- Add to the end thereof these words, viz: "Provid-

House of The Joint Standing Committee
Industry. on Public Buildings to which was referred the communica-
-tion of the Trustees of the House of Industry, recommend-

ing that an additional wing be added to the House of 101.
Industry, have attended to the subject and beg leave
to say: It appears that for several years the Directors
of this House have annually called the attention of the
City Council to the very crowded State of this Institution,
and the pressing call that existed for an increase of ac-
commodations; but their representations have hitherto re-
sulted in measures of only a temporary character, such
as the erection of small wooden buildings in the yard
and filling up a few of the previously vacated
for other purposes. But these resources, are now exhaust-
ed. The great increase of the inmates seems to ren-
der it a matter of the clearest necessity that greatly
enlarged accommodations should be provided.
main building, and this is the only one that is
suited to the object, can accommodate only about
250 inmates, and several Hundred are poorly ac
commodated in the surrounding wooden buildings or
sheds, inconvenient structures, that are fast going to
decay." The whole number of inmates is about 650. In
order to give the matter submitted to them a thorough ex-
amination the Committee visited the Institution and
in company with the Directors, went over the grounds and
the main building. They could not on inspection, resist
the conviction that measures of a comprehensive nature
must be adopted to make this Institution a suitable es-
tablishment for its object; and they thought the plan of
the Directors a judicious one viz to erect a wing from
the easterly end of the present building at once, with the

102. view of constructing a similar wing on the western end at a future day when it shall be needed. It appears to be a fact possessing some interest, that the accommodations provided for the poor by the public have not at all kept pace with the increase of population, but on the contrary have diminished. It appears from the accompanying plan, marked A. which has been put into the hands of the Committee, that the old Alms House in Hanover Street contained 66,456 feet of flooring, which constitutes the correct measure of accommodation with the present House of Industry, with 5 wooden buildings and the small pox hospital adjoining contain but 50,489 feet of flooring. So that it appeared that the old town of Boston enjoyed for more than 20 years at least a greater accommodation for the poor than the City of Boston, after twice doubling its population and wealth, have yet attained; reckoning in all the temporary buildings. But if the comparison be made between the Old Alms House, and the House of Industry proper, the latter does not afford one half the accommodation which was supplied by the former. The Committee are therefore of opinion that the recommendation of the Directors should be carried into effect, and that the subjoined order be passed. All of which is respectfully submitted. For the Committee, Billings Briggs Chairman. Ordered, That the sum of Twenty five thousand dollars be, and the same hereby is appropriated for the erection of an additional wing to the House of Industry at South Boston. A. The Committee of the board of Assessors and Aldermen on the Assessors Department to whom were committed sundry petitions for abatement of taxes, have attended to the same and beg leave to report in part. The Committee found in the file of the petitions a written opinion of the City Solicitor, which was read at the meeting of the petitions. This opinion establishes two principles, viz. 1st That the Court of Revision had not the power to abate a tax where the petitioner without reasonable excuse for his negligence has omitted to appeal to the Court of Revision within the time provided by the Assessment Act, 2nd That this board cannot make an abatement to any person, "unless he shall have made application within six months after the date of his tax bill." The committee have been informed that this opinion is identically the same as one given by Mr. Pickering two years ago. Taking this opinion as their guide the committee found that there was scarcely a single case among the various petitions, in which it was considered this board to afford relief, even if their case were otherwise good. The only course which could be obtained appeared to be by a joint order of the City Council. The Committee therefore went into a consideration of the various petitions which were laid

Court house ventilation &c

The Joint Standing Committee on
Public Buildings, to whom was referred the petition of
Chas. G. Loring [illegible] for the thorough ventilation of Court Rooms," and the opinion
of Chief Justice Wells in aid of the same; also the petition
of Cornelius Wiswell and others in aid of the same; also the
petition of John G. Park, and others that the Municipal
[illegible] tion, have considered the subject & leave to Report:
The Committee examined the Court Rooms at the north
end of the Court House occupied by the U.S. Courts and
the Municipal Court. These are understood to be exactly like
those in the south end occupied by the Supreme Court
and the Court of Common Pleas, the two sides being merely
reversed. The Committee found that within a very few
years much expense had been incurred in an effort to
ventilate the Municipal Court Room. [illegible] of tubes
were made in the ceiling for the escape of foul air, and an
Exhaust ventilator put on the outside to facilitate the escape.
[illegible] were adopted to ventilate the Court of
Sessions for accomplishing the object; and your Committee
do not understand that a more effectual one has

ot been reduced to practice. Notwithstanding this eviden=
dence, one of the petitions before the Committee urges the adop=
tion of [illegible] to ventilate the office. The unsatis=
factory result of that trial, made in that very room, as is
claimed upon the most scientific principles, and with the
most sanguine expectation of success, has led the Committee
to entertain distrust of all other methods that have been
suggested to them or which have occurred to their own
minds. And as this endeavour to ventilate the Municip=
al Court room has been a failure and the Committee
know of no better plan, they cannot recommend the adop=
tion of any measure of relief. In relation to the rooms oc=
cupied by the Supreme Court, and by the U.S. Courts, situa=
ted directly under the rooms occupied by the Court of
Common Pleas and the Municipal Court, the committee
do not see however the imperfect apparatus attached to
Municipal Court room, or any other of like character,
can be applied. The committee therefore respectfully ask
to be discharged from any further consideration on the sub=
ject. For the Committee, Billings Briggs, Chairman.

The Joint Standing Committee
New Jerusalem Society on the Public Department who have had under consideration the petitions of the New Jerusalem Society, and the Protestant Episcopal church. Victoria Road Baptist Society, the first to have a lay reimbursed and the last to have one abated, beg leave to report. Except the circumstance that in one case the lay has been paid and in the other not the two cases appear to be as nearly identical as possible. All important facts in relation to both are the same; and your Committee know of no principle bearing upon one case that does not bear with equal force upon the other. In the respective years in which they were laid, these Societies commenced operations upon the lands constituting the site of their respective Houses of Worship as early as February, and in both cases the work was prosecuted with all convenient dispatch until the said Houses were completed. The law exempts Houses of Public Worship from taxation, and, by a necessary implication, the lands whereon they stand. But while the land has not yet become a House of Worship, though preparations are making for its erection, events may occur which will give it a new and different direction to its final use; and as long as such a contingency exists in relation to the land, it has been deemed hardly proper to regard it as exempt from taxation. But when the work is done, when the design is carried out, and no contingency has diverted the land from the use to which it was voluntarily dedicated before the tax was laid,

the committee are unanimously of the opinion that the
same should be remitted, being satisfied that the spirit of
the law requires such exemption. The Committee are the
more confirmed in the correctness of these views by the fact
that the Board of Mayor and Aldermen has within a
few weeks, after full consideration and discussion, abated
a much of the tax assessed in 1846 on the Prescott Estate
in Bedford Street as has been appropriated to a House of
Public Worship; the facts, circumstances and principles
of which case are precisely similar to those of the petition-
ing Societies. The Chairman will not disguise the fact that
he is a member of one of the petitioning Societies, and a
proprietor in its House of Worship, and to that extent interest-
ed in the question. But in advocating the principles of this
report, and the adoption of the subjoined orders, he trusts he is
not unmindful of his oath of office, faithfully and impar-
tially to discharge and perform his duties as an Alderman
of the City of Boston. The Committee therefore recommend the adop-
tion of the subjoined orders. All which is respectfully
submitted. John H. Wilkins, Chairman. Ordered, That the City
Treasurer be and he hereby is authorized to pay to the Treas-
urer of the New Jerusalem Society the sum of eighty-
two dollars, being the amount assessed and paid in 1846 upon
land appurtenant to the House of Worship of said Society;
and that the same be charged to the appropriation for In-
cidental Expenses. Ordered, That the Assessors be and they
hereby are authorized to abate so much of the tax of the
Federal Street Baptist Society for 1846 as was assessed upon
land appurtenant to their House of Worship in Federal Street.

to whom was referred the Auditors Estimates for the next financial year, Report the same with the following additions and deductions. As the proceeds of the sale of the Mayhew & Hancock School Houses, applied in the estimate of the Auditor to the erection of the new Grammar School House in Ward No. 11 has been appropriated by a vote of the Council to the completion of the new Hancock School House, the Committee add to the former appropriation $10.000

Auditors Estimates & Appropriations.

They also add,

For the preservation of the harbor,	1,000
For the funded Debt	2,000
For Salaries,	4,000
In all,	$17,000

They also deduct,

The Auditors Appropriation for the Hancock School House, provided for as above,	7,000
The Appropriation for the Public Grounds and Sea Wall, these being already provided for in the Loan authorized for the improvement of the Neck Lands,	20,000

They also reduce

The Estimate for Widening Streets to the amount appropriated last year, on the ground that although a large proportion of this expenditure should be provided for by the annual tax, yet those improvements that are to be enjoyed by the citizens of Boston for centuries to come, should not be altogether paid by those who make them. This deduction amounts to 10,000

Total of deduction, $37,000

52. The whole amount of the Auditor's Estimate is $1,268,000
Deducting the amount above mentioned, 127,000
$1,141,000
Adding the amounts recommended by the Committee, 17,000
Make the total expenditure proposed, $1,158,000
Deducting the Auditor's estimated Income, 197,200
Sum to be provided for by taxation $960,800
To provide this it will be necessary to
levy a gross Tax of $990,000
From which, deducting abatements &c,
&c 29,200
Will leave the amount named, $960,800
This is an increase of $90,000 over the last year; yet such has been the increase and prosperity of the City that the Committee are confident that the ratio of taxation will not be increased. They therefore recommend the passage of the following Orders. For the Committee, Josiah Quincy, Jr., Chairman. Ordered relating to the Specific Appropriations for the financial year 1847. It is hereby ordered by the City Council that the Expenditures of the City of Boston and the County of Suffolk for the financial year which will commence with the first day of May, 1846, and end with the last day of April, 1847, the following sums of money be, and the same are hereby respectively appropriated - that is to say: For the specific objects and departments in the Estimate of the Auditor of accounts herewith. And it is further ordered, That no excess in any of the respective appropriations aforesaid shall be allowed by the Auditor, or be paid by the Treasurer, unless authorized by the City Council; - provided however, that any

sum of money which may be subscribed, or contributed, 153.
by individuals, to promote the object of any of the foregoing
appropriations, and which form no part of the estimated
income of the City, shall be strictly applied, according
to the intention of the Contributors, and shall be credited
to said appropriation accordingly. Passed in Common Coun-
cil, with sundry amendments. Came up for concurrence.

The Joint Standing Committee

on the Fire Department, which had had un-

der consideration the petition of William H. Lee,

Thatcher & Fearing, and John Davis, for abatement of taxes, beg leave to Report: It appears that the two first named petitioners became embarrassed in their business before their taxes were laid - but instead of passing their effects into the hands of assignees, they effected compromises with their creditors. And in substance they now ask that the City will compromise their claims in the same manner. As the City possesses no priority of claim in such cases, the question of granting their petition becomes one merely of policy and humanity. and it does not seem to the committee to be the dictate of either for a community to deal more hardly with its members than those members do with each other. The petition of John Davis sets forth that he had no property and depends wholly on his personal labor for the support of himself and family. He cannot pay one cent beyond his $4.61 tax. Believing this representation to be true the Committee think his petition should be granted. The following order is reported for adoption. All which is respectfully submitted. John H. Wilkins, Chairman. Ordered, that the Assessors be and they hereby are authorized, to abate the taxes of William H. Rice for 1845 to the amount of fifteen dollars & twenty five cents 15.25 being deemed the just & proportional part of assessment after his personal estate and income in that year; also to abate the taxes of Thatcher & Fearing for 1846. in the sum of eighty dollars, being two thirds of the amount assessed upon their personal estate and income in that year; - also

[illegible] to abate the taxes of John Davis in the sum of three dollars for the year 1846. being the whole amount [illegible] and income tax for that year. Accepted in Common Council. Came up for concurrence. Read and concurred.

Allen- [illegible] continued.

The Standing Committee on Water, to whom was recommitted the petition of Lewis Allen and others and Caleb Wetherbee and others with the report of the Water Commissioners, and to whom was also committed the memorial of William Hearn and others, praying for a hearing of [illegible] Committee in reply to the said report of the Water Commissioners, and who were directed to give an ample and satisfactory hear-

-ing & all parties who felt themselves interested or in-
-jured, and in answer [illegible] that in compliance with the
request of the said petitioners they notified a meeting
of the Committee on Thursday afternoon the 15th inst.,
when seven members of the Committee being in attend-
-ance, the memorialists appeared by their counsel, J.C.
Park, and George D. Wilmot, Esqrs. The Water Commission-
-ers were notified of the intended hearing, but did not
attend. The last-named gentlemen in behalf of the
petitioners addressed the Committee at length in ex-
-planation of the grounds on which they requested a
hearing in reply to the reply of the Water Commis-
-sioners and in specifying the particulars in which
they considered the reply of the Commissioners to the
complaints in their petition unsatisfactory. The first
point on which they deny the sufficiency of the re-
-ply of the Commissioners, is that in which they
allege that the offer of Messrs. Goodell and Co. to
whom they awarded the contract for the reservoir,
was lower than the offers of either of the petitioners. The
counsel of the petitioners presented a statement of
the quantities of stone masonry and brick work call-
-ed for in the specifications and in the
advertised proposals, and of brick work and earth
excavation based on certain assumed quantities.
Upon this statement a computation was made of
the cost of the work according to the bids of Messrs.
Goodell and others and of Messrs. Munn and others
producing a result showing the cost of the terms of-

1854. fered by the latter to be less by $1268 than on the terms of the former which were accepted. The sub- [illegible] and comparison for produc- ing these results is as follows:

				By Contractors.	By Mann & Wilson.
[illegible]	[illegible]	[illegible]	@ $11.00	$110.000.	$11.50 115.000
4.500	do	Concrete,	@ 11.00,	22.500.	4.00, 18.000
200	do	Brickwork,	@ 11.00.	2.200.	8.66, 1.732
1.000	do	Excavation,	@ .25 cts,	2000. at 12½ cts.	1.000
2.50	lbs	Iron work	at .12 cts.	300. at	0. 0
				$135.000	$135.732
				135.732	
			Excess,	$ 1.268	

[illegible] of this comparison Mr. Wellwork, the Chief Engineer, has presented the Committee with a statement which he says was prepared by him before the opening of the proposals for the reservoir, by which the amount [illegible] were tested. It was not supposed that these were strictly correct; they were only approximate [illegible] near as the circumstances of the case would admit; his statement was as follows:

[illegible] cubic yards of stone masonry.
2.000 " " Concrete,
[illegible] " " Excavation.

The brick work and iron were considered too trifling in amount to be regarded in the comparison- the former not exceeding 50 yards and the latter consisting only of the railing around the circular tower. These quantities give the following comparison of cost, at the rates of the respective bids:

	Cubic yds.	By Gonder & others.		By Munn & others.	
Stone masonry,	1100	@ $11.00,	$15,550	@ $11.50,	$13,575
Concrete,	5.000	@ 5.00,	25.000	@ 4.00,	20.000
Excavation,	2,000	at .25 cts.	500	at .12½ cts.	250
			$158.050		$158.825
		Difference			775

The written statement made by Mr. Gilbert, stating the results on which the Section of the Commissioners that he had of Messrs. Gonder & Co. was the lowest, was founded. It is also stated, & admitted by the engineer to have been prepared by him for the use of the Commissioners before the opening of the bids, and that it was adopted as the basis of comparison on the belief on his part that it was as near an estimate of the several quantities of work required as the circumstances of the case would permit, the Committee would receive and that nothing the Commissioners could take as the basis of their decision. They did not discover that there was any good reason for adopting any other mode of comparison. The real point on which the petitioners consider the report of the Water Commissioners unsatisfactory, is the statement that after the opening of the bids and before a comparison had been made, and before any of the bids had been communicated to any person, they permitted Messrs. Gonder and others to amend one of the items of their bid, by which the aggregate amount of their offer was materially varied. As this could not affect the interests of the City injuriously, the Committee deem

it discretionary to go into any discussion of the question whether this permission was proper under the circumstances of the case. The whole duty and responsibility of making the contract, and of the mode of making it, devolved upon the Commissioners; and an incidental question of this nature arising in the discharge of this duty, is not one on which this Committee deem it proper to express an opinion. Another point on which the petitioners maintained that the reply of the Commissioners to their appeal is unsatisfactory, is that which relates to the making of contracts without previously advertising for proposals. In reply to this, we were told to be satisfied that "efforts of this Board have been obtained cheapness of excellent labour, whose interests and feelings are not in harmony with those of the rest of the" and that "contracts have been entered into with contractors from abroad for portions of this work without any public notice whatever being given," the Commissioners remark, in their report that "the act of the Legislature, as well as the ordinances of the City Council, under which they hold their appointment, confers on them the authority, and makes it their duty, to appoint Engineers and to make contracts at their discretion, and according to their judgment, as the interests of the City, without any restriction in either case to offers of any particular kind, or in the making of contracts to any special form of notice." And further, that "as most of the contracts are yet to be executed, it is obvious that inconvenience might

sult from a publication of these contracts at the pres-
-ent time." As other contracts are also to be made for sim-
-ilar work, the Committee are not aware that any
useful purpose can be served at the present time
by entering into an investigation of those, which, as
the Commissioners remark, it is obviously within the
scope of their authority to make in the manner which
they may deem most for the interest of the City. The
Committee are of opinion that the power of making
contracts is judiciously entrusted to the discretion of
the Water Commissioners, and that it is not expedient
for the City Council to interfere with the free exer-
-cise of that discretion, so long as there reason to be-
-lieve that it is executed in good faith and with
sound judgement for the accomplishment of the work
intended to their charge, in a durable style of work-
-manship, and in an expeditious and economical
manner. The Committee coincide with declaring the
opinion, unanimously, that nothing has been shown
to justify the complaints, in the original petitions sub-
-mitted to the City Council of unfair and unjust
measures "being" adopted by the Water Commissioners,
either in the appointment of Engineers who are citizens
of other States, or in the influence exerted by those En-
-gineers, to the injury of our own citizens. They are further
of the opinion, that the petitioners acted under an er-
-roneous impression in supposing that the Commissioners
in awarding contracts for the water works, "have disre-
-garded the more favorable estimates proposed by citizens

108 of this City, and that an undue preference was shown
to those with [illegible] contracts were entered into without re-
gard to legal rights as to many thousands of dol-
-lars have been needlessly expended. They therefore rec-
-ommend that the said petitions have leave to with-
-draw their petition. For the Committee, Josiah Quincy, Jr.,
Chairman. Accepted in Common Council. Came up for
concurrence. Read and concurred.

Smith vs. Maine Selection Rail Road Corporation.

Ebenezer Smith vs. The Bost. & Maine Selection Rail Road Corporation. The damages and now upon the foregoing petition, answer, replications, rejoinders, and surrejoinders, and the matters therein respectively alledged, and the proofs thereupon produced, it appears to the Mayor and Aldermen, that the submission mentioned in the answer and recited in the award, should be entered into between the parties, viz. on the 24th day of August A.D. 1844, and that an award in the premises, was made and published on the 8th day of February A.D. 1845. and that said Smith had notice thereof in manner and form as alledged in the Rejoinder, and that after the publication thereof, and before the making of any other award in the premises, and before the filing of this present petition said Smith did on the day of A.D. duly make the said submission as he said. And it further appearing, that after the issuing out of the writ mentioned in the petition, [illegible] and before the filing of the same on each side thereof, and before the filing of the same

petition, the said Smith did, in the month of June A.D.
present another petition to this Board, which is
now pending, and that the [illegible]
of did appear, as is alleged in the answer; and also
that the same former petition described certain parcels
of land and tenements [illegible], which are there
in and distinct from the parcels of land and tene-
ments mentioned in the said petition, and
not as other than and distinct from the parcels of
land mentioned in the said Award, which relate
exclusively to the parcels of land described in the
said petition, and that both the said petitions relate
to matters which were then pending in the said
Smith by reason of the laying out, making, and
maintaining the said Rail Road, over the said Canal
and lands lying on each side thereof, including the
several parcels described in the several petitions
upon all as being on file in the office of the said
Board. And further appearing that after the petitio-
ning of the said petition said Smith had preferred
a petition on or about the 2nd day of June A.D. 1846.
setting forth the same grievances relative to the
same parcels of land as in his said present pe-
tition are described, and that the Respondents after
notice thereof had appeared and filed their answer
to the same, and that the said Smith afterwards
and before the hearing of the matters contained
in the said petition and answer, did by his Attor-
ney duly for and obtain leave to withdraw his

Said petition in the manner and for the alleged purpose set forth in his Replication, and that said Bill be retained for hearing without notice to the defendants and without any demurrer, avoidance, or replication to their Answer thereto, as in their present Rejoinder it alleged, but also without any hearing on the motion mentioned in said petition for an order and rule upon the motion and request of the said Smith for the alleged purpose aforesaid, as in his Replication is alleged. Whereupon it is considered and Ordered, by the said Mayor and Aldermen, that this Board will proceed no further in the premises, and that the said Respondents be hence discharged, and go thereof without day.

Court

Whereas in the opinion of this Board it would be highly convenient for the Inhabitants of this City as well that Court Street should be widened from its junction with Cornhill to Hanover Street and it has become necessary for that purpose to take the land & buildings which now lays between said Court St. & Cornhill and which was formerly called Pemberton Hill extending on said Court Street to Hanover Street, & whereas several of the owners of said land & buildings are willing & desirous to sell the said land & buildings to the City. It is hereby ordered, that the Committee on laying out & widening Streets be and they are hereby authorized & directed to purchase the said land & buildings, or so much thereof as can be so obtained, & that they report an order to this board for the payment of the consideration & the assessment of damages in order that the same may be applied to the purchase of said land & buildings for the laying out & widening said Court Street in manner aforesaid.

Ordered that Alderman Parker, Alderman Gould Jr., Alderman Briggs & Mr. Wilkins be a Committee to attend said Order.

Alien The Joint Special Committee
Passengers on Alien Passengers, have had the several subjects
submitted to them under consideration, and ask leave
to report in part as follows:- That their attention was
first directed to the crowded State of the House of
Industry in consequence of the great influx of alien
passengers recently landed here in a sick & infirm
[illegible] Commission issued from the Trustees of
the House of Industry your committee found that
since November last 637 alien passengers have been
landed in this port and of this number three hun=
dred and fifty five have been carried to South
Boston and placed under the charge of the medical
[illegible] and this number constitutes nearly
one half of the whole number of inmates of the in=
stitution. This House has been thus overrun, and
[illegible] sufferings have necessarily been

hovrided within the grounds about the same. These immigrants are in a most deplorable condition, many of them being entirely prostrate, with the fever or typhus fever in its worst form, and all of them being exceedingly filthy and entirely unfit to mingle with the ordinary inmates of the Institution. The committee are also informed that the fever above mentioned has assumed the character of an epidemic or infectious disorder at the South Boston Institution and that some cases of this disease have appeared in the City proper. In view of these facts, and believing that the most prompt and efficient action on the part of the City Council, your committee have unanimously come to the conclusion that some locality apart from the South Boston Institution should be provided for the accommodation and support of sick Irish passengers, where they can be properly cared for, without endangering the health of the inmates of said institution, and of the citizens generally. The committee after careful investigation, have decided that Deer Island is the most suitable place to be occupied for the purpose above specified. This island belongs to the City, but it is under a lease which holds for about 2½ years. This lease the committee can cancel for a very moderate sum, and they think it expedient so to do, for the present rent of this island only suffices to keep the several tenements thereon in proper repair. The committee therefore propose after cancelling this lease, to erect

suitable wooden buildings on this island, of sufficient capacity to accommodate the sick aliens now at [illegible] and to make such additions from time to time as future arrivals in the port may require, and in order to attain the several ends above enumerated they would respectfully recommend the adoption of the following order. All which is submitted. Per Order Frederick Ford. Geo. C. Head. Phillips Allen. E. A. Johnson. Geo. Minot. Jr. Wm. Gothier. Wm. H. Hall. Alvan Simonds. James Boynton. John P. Ober. Ordered, That the Joint Special Committee on [illegible] be instructed to procure suitable accommodations upon one of the Islands in Boston Harbor and to take all necessary measures for the support of foreign paupers, and that the expense of the same be charged to the money collected and paid into the Treasury according to the provisions of an act of the Legislature of Massachusetts, passed April 20th 1837, entitled "An act relating to Alien Passengers" Read in Common Council and the order passed. -cable for him to give in an accurate estimate of his
income at the time the citizens were required to do so;
and 2.dly that during a part of the time he was absent
from the City. He also suggested that possibly a mistake
of a clerical character had been committed. On exami-
-nation, the committee find that there was no mistake,
that the petitioner was deemed at a regular meeting
of the board of Assessors. And as to the reasons for not
rendering an account to the Assessors, they do not seem
to be of a character that would justify the granting of
the petition on general principles. The committee recom-
-mend that the petitioner have leave to withdraw his peti-
-tion. In the Committee. J.P. Wilkins, Chairman. Accepted
in Common Council. Came up - in concurrence. Read
and concurred.

Purchase
Real
Estate
Society

The Joint Committee on the
Petition of the Purchase Real Congregational Society for remission of
taxes have attended to the subject and by leave to report:
The important facts in this case are these, the said
Society purchased the land, on which the tax now sought
to be remitted, was assessed, in April 1846. Plans for erecting
a new house were immediately put in train of prepara-
-tion, but nothing was done to or upon the land at the
time of assessing the tax of that year. The Society, then
and now were in occupation of a house of religious wor-
-ship, exempted from taxation. The law exempts "all houses
of religious worship" from taxation. Land, as such, belonging
to religious Societies, is not exempt from taxation. Though
there must be difficulty in deciding what progress should

be made in erecting a house of worship to entitle it, and the land appurtenant, to exemption from taxes, it would seem to be clear that no exemption could be claimed where as in this case no progress was made. It is apprehended that there can be no doubt that in point of law, the petitioners can have no claim. On several petitions the Board of Aldermen, and the City Council, have remitted taxes, in cases where work was at the time of abating the tax actually begun upon the land, and more or less progress had been actually made towards erecting the house. This was done, not upon principles of law but upon equitable considerations governing the application of the law to those particular cases. And the Committee cannot but think that the fact whether an actual commencement has been made, or not, upon the land, and been diligently prosecuted to completion, or not, ought to be an important, if not the decisive consideration in determining whether the tax should be remitted or not. There is one other fact which has been considered as bearing with some force upon this petition. This Society is now, and for years has been, in the enjoyment of an exemption from taxation on their present house of religious worship, apparently a large and commodious house. Now the object of the law is not to encourage investment in houses of religious worship, but to give every citizen an opportunity to attend the ordinances of religion without taxation. It would seem then that where a person or Society has accommodations for religious worship already exempt from taxes, it can hardly be regarded as equitable that he

288. or they should enjoy exemption upon another estate. In other words, that a Society should be exempt from taxes on two distinct and separate estates at the same time. On these two grounds they [illegible] 1st that at the time of obtaining the law, nothing had been done upon the land towards erecting a house of worship; and 2d that the Society was in the enjoyment of a commodious house of religious worship [illegible] from taxation the Committee recommend that the petitioners have leave to withdraw their petition. John H. Wilkins, Chairman. In Common Council, an order passed to recommit said report with instructions for the Committee to report an order in accordance with the prayer of the petitioners. Came up for concurrence. Read and nonconcurred, and the report of the Committee was accepted. Sent down for concurrence.

The Joint Standing Committee [illegible] on Boston Harbor who were instructed by an order of the City Council of the 1st inst. "to inquire into the expediency of appointing a Harbor Master, and to report forthwith," report: They are aware that the Act passed at the last Session of the Legislature, giving power to the City Government to appoint a Harbor Master, is not, in all its provisions, exactly such an one as will meet the approbation of the City Council. It is defective, principally, in not giving authority to the City to make such regulations, having the force of law, as seem necessary in carrying the act into effect, and also in making no provision to reimburse the City for expenses which will necessarily accrue under the duties of the Harbor Master. There are other difficulties which experience alone can discover, which to be remedied, will require further legislation; and the sooner the law is put in operation, the sooner what is necessary to be done in this way will be ascertained. Still the principal objects to be gained by a law of this kind your Committee think are secured by the

316. Act of the last Session and they unanimously recommend the appointment of a Harbor Master under it's provisions. Resolution submitted, by order of the Committee, George E. Head, Chairman. Passed in Common Council. Came up for concurrence. Read and concured.

Brown. Court street. Whereas Frederick Brown has given notice to this board of his intention to alter and erect building on Court Street at the westerly corner of Hanover Street in the said City; and, in the opinion of the board, the safety and convenience of the inhabitants require that the said Street should be widened at the place described in the said notice it is therefore ordered, That due notice be given to the said Frederick Brown and Noah Blanchard & Lawrence Sweet [illegible] that the Board intend to widen Court Street before mentioned, by taking a part of the land now about to be built upon as aforesaid, and also a part of their respective estates adjacent thereto, and laying out the same as a public street and that Tuesday the third day of August next at 9 o'clock P. M. is assigned as the time for hearing any objections which may be made thereto.

Islands. Dorchester Heights. The Joint Special Committee to which was referred the petition of Isaac Adams, and 1711 citizens of Ward 12. and of E. G. Otis, Esther. Abbott Lawrence & others Thomas Fairbanks & others, and Geo. Bartlett and others, in aid of citizens of Ward 12. request- ing that a part of the Islands at Dorchester Heights, should be purchased by the City, to be used for the purpose of a square and public grounds, and also the report of a committee appointed at a public meeting of the inhabitants of Ward 12, Reports: That the piece of ground proposed to be taken in the petition first alluded to extends from G Street to Old Harbor Street in a direction from East to West and from Fourth Street to Fifth Street in a direction from North to South embracing the summit of the westernmost of the hills known as Dorchester heights, with the remains of the fortification built by Washington during the Revolutionary War. The contents of the area proposed to be taken amounts to 400.000 ft. [illegible] to be paid for the Estate 122.00 ft

[illegible] to be laid out for the City for Public Grounds and 280.000 ft.

For this land, which at 40 cents a foot will amount to 112,
000 dollars, bonds to expire on the 18th inst have been taken.
Some of the committee are of opinion that the price is high
in comparison with prices formerly paid, but all agree
that if taken at all, it must be taken at once and that
it cannot be purchased at a less price, they have unanimous
ly determined to report in favor of granting the prayer
of the petitioners. In recommending so large an appropria
tion for an object, out of the common course, the commit
tee deem it proper to state a few of the reasons that have
led them to the decision. Without fully assenting to the state
ments made by the committee above alluded to they are
of opinion that South Boston has paid at least her just pro
portion of the taxes of the City, and has hardly received the
same amount in proportion of expenditures. That therefore
it [illegible] to be [illegible]
tion of the citizens of that peninsula are of opinion that
it is just and equitable to grant it. They are also of opin
ion that laying out this spot as a public Square will
have a tendency to attract inhabitants and increase the
value of lands at South Boston. Its local advantages
are equal to those of any place in the vicinity and
[illegible] at [illegible]
have. The proper bound is viewed within the natural
limits. The City will also reap an ultimate advantage
in the value of lands, when the City Farm which are
now attached as a farm to the City Institution shall,
as [illegible] will be [illegible]
[illegible] an immediate one in the revenue derived

322 from increase of the taxable value of the property in South Boston. In addition to the above the committee conceive that it is a property in preserving a spot consecrated by such historical associations for the use of the public and for [illegible] and recommend the passage of the [illegible] Alderman Shaw thereon reported the following order: For the Committee Ethan Allen, Jr. Chairman. Ordered that the Committee on Public Lands be and they are hereby authorized to purchase the land on the summit of the western height of South Boston according to the plan, for a price not exceeding forty cents a square foot, and that no part of the old fortification shall ever be removed, unless such removal is authorized by the City Council. Ordered, That the Treasurer under the direction of the Committee on Finance be and he is hereby authorized to borrow a sum not exceeding One hundred and twelve thousand dollars to pay for the same. Passed in Common Council as amended. Yeas 34. Nays 7. Came up for concurrence. Read and concurred. On the question of concurrence, in passing said order, the yeas and nays being required, were taken as follows viz: The Mayor, Aldermen Wetmore, Parker, Galloway Jones, Head and Briggs. 7. Nays. Alderman [illegible] and Wales.

Chauncy & Bedford places.

The matter of laying out Chauncy and Bedford places, as public streets and highways was taken from the table, after discussion, the order was indefinitely postponed and the several petitioners for laying out said places as public streets and highways, have leave to withdraw their petition.

Alderman Wetmore was excused from voting upon the foregoing subject, on account of his interest in the same.

Order of the Common Council appointing Messrs Erving, Ashcliff and Ober, with such as the Board of Aldermen may join a committee to make arrangements for the annual visit of the City Council to Mainford Island; and that the sum of one hundred and fifty dollars be taken from "Incidental expenses and miscellaneous claims" to defray the expenses thereof. Came up for concurrence. Read and concurred, and Aldermen Jones and Read were joined. Mainford Island

The Committee on the Fire Department, report: That at the sale in May 1846 of the land formerly occupied by the City Stables, one of the conditions of sale was that in case the whole lot was needed for a single purpose, the purchaser might take the land covered by the Engine House, at a price equal to the average price brought by the whole piece, he paying in addition thereto Two thousand dollars to the City. The Committee are notified that the Committee on Public Grounds have authorized the sale to be made on the condition above mentioned in order that the City may procure a new house for the Engine and Hook & Ladder Company. They therefore report the following order. Johnson, Jr. Chairman. Ordered, That the Committee on the Fire Department be authorized to procure a new location for the Engine and Hook & Ladder House in Pine Square. Ordered, That the Committee on Public Buildings Engine & Hook & Ladder Co.

324. be authorized and empowered to erect on Engine 7 Hook Ladder House on the site so selected, and that the proceeds of the Land, and the Five thousand dollars to be received from the Insurance Companies, be appropriated to pay for the same, so far as the same may be needed. Farrell The undersigned to whom the application of Eugene Farrell for the discharge of his wife Mary Farrell from the Boston Lunatic Hospital was committed, respectfully reports that Mary Farrell, the wife of Eugene Farrell a resident of South Boston, was committed & sent from the Police Court to the Boston Lunatic Hospital in February last. That in the course of two months she began to improve in health, and was in a fair way of being restored to her reason, which promising state still continues. That being of an excitable temperament she is still subject to irritability and nervous excitement from time to time, and in the opinion of the Superintendent she may be entirely cured within the precincts of the Hospital if permitted to remain there without interruption. But if she is discharged and goes in her present nervous state to her friends and husband, there is great danger of a relapse, and a permanent state of insanity. Under these circumstances the undersigned

cannot recommend the immediate acceptance of the same. 354

The Committee on laying out and widening Streets to whom the petition of Nathaniel Goddard was referred praying that Commercial Street may be widened by extending the width thereof to fifty feet, by taking a part of the land and buildings of the Marine Railway, respectfully report: That from the facts stated in the memorial of the petitioner and other corroborating circumstances it is apparent to your committee, that it was and has been for a long time the intention of the Board, to cause the widening of said Commercial Street to be carried out, so that the same should be fifty feet wide when now it is much less, viz: at the Marine Railway. That it was in accordance with such a measure that the proprietors of Union Wharf were induced to yield the land now taken into the Street, and that the measure has been considered as pledged to the said proprietors. The costs and damages which the carrying out of the said contemplated widening it is not in the power of your Committee at this time to ascertain, and as the importance of preserving the width of said Street uniformly the same or greater at one time than at the present, and of enlarging the value of the land to be taken will in all probability increase rather than diminish your Committee recommend that the same should be done without further delay. Inasmuch as the said measure was not included in the estimate of the Appropriation for Widening Streets it will be necessa- Goddard Commercial Street Marine Railway.

340 - ry that a Special appropriation should be raised by the City Council for that purpose. Your Committee therefor submit the following order for the adoption of the Board. Per order. William Parker. Ordered, That the Committee on Laying out and widening Streets cause Commercial Street to be widened to the width of Fifty feet by taking land of the land and buildings of the Maine Railway, and extending said Street as contemplated in a certain agreement with the Proprietors of Union Wharf, as soon as an appropriation therefor shall be made by the City Council. Read, accepted and the order passed.

The Committee on Paving &c. to whom were referred the petitions of Smith, Rogers & Davis, and others and of J. D. Roberts and others, owners of real estate and residents in Nineteenth street in the City of Smith & Davis

Boston praying that said Street may be lighted and has-
ed- report that said Street has never been accepted by the
City, but is a private way dedicated to, or permitted to be
used by the public as a public highway. In the year 1845, by
[illegible] said it was graded under
the provisions of the statute passed by the General Court
at their session in that year but owing to circumstances
which it is needless to set forth, the assessments on the
abutters for the cost of said grading have never been
made up until the present time, and of course have not
been paid. Under these circumstances your Committee
have forborne to report on the petitions presented, not being
willing to report in favor of accepting the Street, and un-
willing likewise that the City should be at any expense
for a Street not accepted. But as a preliminary step
to complying with the request of the petitioners your Com-
mittee have recently caused the cost of grading said
Street to be apportioned upon the abutters thereon, and they
ask leave to present the accompanying order of notice in
compliance with the requirements of the statute. Geo. E.
Head, Chairman. Whereas in pursuance of orders heretofore
passed by this board. Nashua Street, so called, being a
Road or way layed over private land by the owners thereof,
and dedicated to, or permitted to be used by the public, but
not accepted or laid out according to law, has been graded
under the provisions of the statute in such case made &
provided; now notice is hereby given to the parties interested
that they may appear before this Board at the City
Hall on Tuesday the 23rd day of September current at 9

o'clock in the forenoon when and where the Mayor & 395.
Aldermen of the City of Boston will proceed to assess
the expense of said grading in such proportions as they
shall deem and there fix the remainder upon the several
persons assessed, pursuant to said statute. Read, accepted
and the order passed.

made thereto.

The Joint Committee on Asses.
the Assessors Department who have had under consideration
the petition of Granville Mears &c on behalf of them-
selves beg leave to Report. That in a hearing of the said petitioners,
it appeared that the said Mears invested the sum of Seven
thousand dollars in an Ice Manufactory in the town of
Malden in January A.D. 1846. That the said manu-
facturing establishment paid taxes in that town, for that
year; and that the petitioners was also assessed in this
City on the same personal property that had been invest-
ted in the town of Malden, and taxed there. On this state-
ment of facts, the committee are of opinion that the prayer
of the petitioners ought to be granted. and they report an
order accordingly. John D. Wilkins, Chairman. Ordered, that
the Assessors be, and they hereby are, authorized and in-
structed to abate the tax assessed upon Granville Mears
for personal estate and income in 1846 in the amount of
forty two dollars being the sum assessed upon Seven thou-
sand dollars invested and taxed in the town of Malden. Ac-
cepted in Common Council, and the order passed. Came
up for concurrence. Read and concurred.

The Joint Standing Committee Mills.
on the Assessors Department, to whom was referred the
petition of Mary Ann Mills have attended to said
petition, and beg leave to Report. The petitioner sets forth
that she has been taxed about Eighty dollars, as owner

412. of an estate in Fopkins place. She purchased said estate four years ago for $3000, and it was recently sold at Auction for $2475. She the petitioner herself to have been deceived in the value of it originally, & she asks for an abatement of $ on. The committee suppose the representation that the petitioner has paid a tax of $80. to be a clerical, or other, mistake for $1000, which is the amount of annual tax which has been assessed upon upon the estate. If this be not a mistake, it must be taken as the amount paid in the whole four years during which she has held the estate. In either case, the fact appears to be that the estate has been valued by the Assessors at $3000 and as owner she has been taxed therefor, and for no more. Under these circumstances, the committee are of opinion that it is hardly competent for them to revise the valuation by the Assessors given to this inspection, or if competent, such a power ought not to be exercised unless under circumstances imperiously demanding the interference of the City Council. They do not consider the present as such a case. The Committee therefore recommend that the petitioner have leave to withdraw her petition. Jno. N. Willis Chairman. Accepted in Common Council. Came up for concurrence. Read and concurred.

said petition and have given notice thereof by advertising
in the Public newspapers and by personal notice on all
persons living in said Byron Street, and they are of opin-
ion that the public interest will be promoted by grant-
ing the prayer of the said petition on the terms hereinafter
specified. The Street called Byron Street is a private way
30 feet wide made by the Proprietors of Mount Vernon
on land belonging to them [illegible] parallel with
the Mill dam, from D Street so called, to a Street paral-
lel with Charles Street and the supposed right to ex-
tend the same is derived from a proviso in the Act
[illegible] authorizing the [illegible]
[illegible] to the Commissioners [illegible]
as a consideration for the relinquishment of the said
right, to carry out a drain at their own expense satis-
factory to the City and also to convey to the City the
Streets laid out over the land made by them pursuant
to the said Act. And the Committee believe it will
be for the interest of the City to accept the terms proposed

424. and they thereupon gave the following order, Viz the Committee Stevens Wilcox Chairman. Ordered, That the Mayor be authorized to release to the Boston and Roxbury Mill Corporation any right which the City may have, under an act of the Legislature, passed March 6. 1844. to extend Byron Street, so called, to the channel over Land made by the said Corporation and to lay, continue and maintain all necessary drains under the same - Provided however that the said Corporation shall construct a good and sufficient Common Sewer through their land to the channel of Charles River at the sole expense of the said Corporation and under the direction of the Superintendent of Common Sewers, from Byron Street as called - And also that the said Corporation agree to convey to the City, whenever required so to do, all its right to certain parcels of land laid out for Streets over the land of the said Corporation [illegible] wide extending from the Mill Dam to the Northern boundary of [illegible] Street and One hundred and sixty five feet distant therefrom - A piece of land sixty feet wide, parallel with the piece last mentioned and one hundred and sixty six feet distant therefrom - A piece of land parallel with the Mill Dam or Western Avenue and one hundred and seventy feet distant therefrom, thirty feet wide and extending from the said D. Street to the piece of land next described - And another piece of land twenty feet wide adjoining the said Avenue and extending from the said D. Street to the said [illegible] line. Read, accepted

and the order passed. Sent down for concurrence. Came 425.

mittee on Public Buildings to whom was referred the account "United States of America to Stephen Smith Dr" for sundry articles of furniture for the use of the United States Court and Jury Rooms, also an order of the City Council, passed May third, directing the Committee to consider its "origin and correctness" report: That they have had an interview with one of the officers in the United States Marshal's office who informed them that at the time the United States Courts removed into the present building an agreement was made between the United States Marshal and the City Government in consideration of a liberal rent to be paid by the United States to the City for certain rooms in the Court house for the accommodation of the United States Courts. In that agreement the Court Rooms and offices were to be furnished by the City with such furniture and at such times as the officer should direct. A copy of that agreement has been promised the Committee, but as yet they have not been furnished with it. We further learn that the account was last year presented to the Superintendent of Public Buildings for his approval, he declining so to do for the reasons that the expenditure was made without any authority from any Committee or Board of the City Government. [illegible] this point the Committee are of opinion that no account should be allowed for the repairs of furniture or the furnishing of new to the United States Court Rooms and offices without

456. none authority from the City. And as we are not in possession of any agreement which the City is bound to furnish such furniture from time to time as the Offices may wish without first being applied to for that purpose, we would therefore recommend that the account be not allowed by the City. For the Committee Hastings Biggs, Chairman. Read and accepted. Send down for concurrence. Same day concurred.

[illegible]
[illegible] with directions to consider and report what acknowledgement and return should be made to the City of Paris for their very beautiful and valuable donation and to provide a suitable place within the City Hall for the safe keeping of the same - report: That the object of the City of Paris, through the agency of Mr Vattemare, is to disseminate knowledge and unite distant countries in the bonds of intellectual and Christian interest, by means of a system of mutual exchanges of books, works of art, models of invention and specimens of the products of national industry in every department. [illegible]
representatives of the whole people the agents for receiving and transmitting individual and public donations: and being the depositaries for the public of whatever may be returned. The City of Paris has a library open to all and in order to commence this system of exchanges has sent a valuable and interesting donation to the City of Boston. If the City chose to reciprocate, it is the wish

460

of Mr Pickman, the founder of the system, that the return should not be in works of great value, but rather in those that illustrate the present condition of literature, art, science, and the arts. Books given to the city by citizens of Boston in memory of the City would be peculiarly acceptable. These would be marked both with the name of the donor and of the City of Boston and be placed in a conspicuous position in the Library of the Hotel de Ville. A number of volumes have already been sent to the Mayor to be thus transmitted, and there is no doubt that many more would be given were the object more generally understood. The possession of books by the City necessarily involves a room for their deposite and safe keeping and the Committee recommend that the room in the third Story and South east corner of the City Hall should for the present be devoted to this purpose. The Committee cannot close their report without recommending to the City Council a consideration of the propriety of commencing a Public Library. Many of the citizens would they believe be happy to contribute both in books and money to such an object, and the Committee are informed that a citizen, who wishes that his name may be concealed, has [illegible] for the purpose of making the commencement. On condition only that Ten Thousand dollars are raised at large for the same purpose, and that the Library should be as freely used by all, as may be consistent with the safe keeping of the property. To bring the subject directly before the Council the committee report the following orders. For the Committee, Josiah

Quincy, Jr. Chairman. Ordered, That the Mayor be requested 161.
to make in behalf of the City a suitable acknowledgement
to the authorities of the City of Paris for the very useful
and valuable donation made by them to the City of
Boston. Ordered, That the Mayor be requested to trans-
mit in a proper form and manner any volumes or works
of art that may be contributed for the purpose, and that
may be in the opinion of the Committee suitable and
appropriate. Ordered that the Committee be authorized
to transmit any volumes that they may deem suitable
as a return for the gift of the City of Paris. Ordered, That
the room in the third Story and South East corner of the
City Building be appropriated as the place of keeping for the
donations of the City of Paris and any other books of a
similar nature that may belong to the City. Ordered, That
Messrs Thayer, Carter, Ecalon Child and Whiting, be a Com-
mittee with such as the board of Aldermen may join to
consider the expediency of commencing the formation of a
Public Library under the control and auspices of the City
with authority to receive donations of the same either in
books or money in case one should be established & with
directions to report rules for the use and management of
the same, to the Council. Passed in Common Council Came

the following clause of "An act for supplying the City of
Troy with pure water" viz. "That the Board of Water
Shall once in every six months, and whenever required by
the Common Council so to do, render to the Common
Council a report and statement of all their acts and proceedings,
and of the condition and progress of the works aforesaid."
Sent down for concurrence. Came up concurred.

The Joint Standing Committee on the Assessors Department who have had under consideration the petitions of the persons whose names are annexed for an abatement of taxes report as follows. That the first petition, that of Mr Hannahan, are the ordinary ones of alleged overtaxation. No principle is involved and no mistake or clerical error is supposed. It is much to be regretted that citizens liable to taxation are generally so delinquent in performing what the law imposes upon them as a duty, viz: to seasonably make returns to the Assessors of their Estates, income &c. Such a statement is in law obligatory upon the Assessors and they say to every one shall tax himself. But this duty is often neglected by the taxpayers, and the Board of Assessors is under the necessity of assessing to the best information and the skill of his Board is to arrive at correct assessment; and overtaxation cannot but be practically felt in cases more or less numerous. Yet the law declares that such estimate (made by classing) shall be conclusive upon Taxes abatement of

464. all persons who shall not have seasonably brought in lists
of their estates, unless they can show reasonable excuse
for the omission". And again the Law declares the same
thing in another form viz: No person shall have any
abatement made by the Commissions, unless he shall have
brought in a list of his estate to the Assessors, or shall show
good cause for not having done so." From this language
of the Law, it would seem that no relief was contempla-
ted for such persons as neglected to make returns of
their estates, unless good excuse were shown. In the pres-
ent case no excuse whatever was offered, and the Com-
mittee hardly deem it proper for them to recommend
the application of such unusual remedies as the Law
itself seems to have anticipated and still declares "shall
be conclusive" and that no abatement shall be made. The
case of Mr Wainwright involves a principle. The Committee
do not regard the principle as just and if it be Law, they
think it should be settled by the Law for the future guid-
ance of [illegible] The Committee recommend that
the following persons, whose petitions are inclosed, have

The Joint Standing committee Water
on Water would call the attention of the City Council Commissioners
to the communication made to them by the Water Com-
missioners, herewith submitted. The rapid progress of the
work renders it probable that the water of Lake Cochituate
will be delivered in the City within twelve months. The con-
venience of the inhabitants and the pecuniary interest

Whitney Chatham St.

The committee to whom the petition of William F. Whitney was referred, ask leave to Report that the Statement therein made is in their opinion true, and

the City without any fault on his part or any power to prevent the same. [illegible] claim=able claim for relief. As however the injury was occa=sioned by the exercise of an understood right on the part of the City and there was no negligence or default on the part of the City officers, the Committee do not admit the legality of the claim. They therefore in consideration of the extreme hardship of the case, if compensation were refused, now offer an order for the payment of nine hundred & sixty five dolls 25/100 to the petitioner, which they believe to have been the amount of damage. For the Committee, Tho Wetmore. Ordered That there be paid to William F. Whitney nine hun=dred & sixty five dollars 25/100 in full for all damages by him sustained in his goods and property by reason of the entrance of salt water into his cellar, occasioned by the construction of the Common Sewer in Chatham Street, and that the amount be charged to the appropriation for Paving & repairs of Streets. The Joint Standing Com= [illegible] mittee on Elections to whom was referred [illegible]

706. the petition of the City and County Treasurer, for an allow-
-ance for extra Clerk hire in his office for the present year
Respectfully report That the increasing requirements of
the City [illegible] in certain [illegible] and especial-
-ly in that relating to the introduction of pure water seem
to require additional aid to the Treasurer. In carrying into
effect the provisions of the law relative to the collection of
the taxes, whereby the lien upon the estates of delinquents
was to be enforced by advertisements & sales, the labor has been
nearly two fold that of the last year. During that year
the sum of Five hundred & eighty dollars was allowed
for the object now prayed for by the Treasurer, which is
for the service of two or three months - and the sum of
Six hundred & twenty dollars in addition to the sum grant-
-ed the last year will be sufficient to defray the expense
alluded to. Your Committee therefore deem the request of
the Treasurer reasonable, and they recommend that the
prayer of the petition be granted. For this purpose they re-
-port the subjoined order for the action of the Council. All
which is respectfully submitted. By order of the Committee
William Parker, Chairman. Ordered, That there be allowed and
paid to the City and County Treasurer the sum of Seven hundred dol-
-lars for extra Clerk hire in the Treasury Office for the present
year - and that said sum be taken from the appropriation for
the Reserved fund. Read, accepted and the order passed in Com-
-mon Council. Came up for concurrence. Read and concurred.

The Joint Committee on Taxes
the Assessors Department who have had under consideration abatements
sundry petitions for abatement of Taxes from petitioners below of
named, ask leave to Report- The case of all these petition=
=ers (except that of Mr Salter) is the common one of dupli=
=cate assessment- and the petitioners did not make any return
to the Assessors according to the requirements of the Law-
In this case therefore as in many others which the Commit=
=tee has before reported upon, the Law does not seem to con=
=template any relief. Mr Salter claims that his tax is "illegal=
=ly imposed" because he is "a Surgeon in the Navy of the United
States". This fact the Committee deem to be a protection from
taxation upon his income or salary- but not upon property, wheth=
er real or personal- unless that property be of a nature exempt
from liability to taxation. There is returned to the Assessors
a greater amount of Stocks held by Dr Salter than the As=
=sessors have listed him for, and they are of a character
liable to be taxed. Hence the Committee think his petition should
not be granted. The Committee recommend that the petition=
=ers below named have leave to withdraw their petitions: Ed=
=ward Potter, Lyman Towle & Co Susan D. Reynolds, Executrix,
Atkins, Weld & Co Josiah Atkins, Jam[s] F. Gilbert, Thomas B Salter.
The petition of the Executrix submitted [illegible]

Harbour Master

The Joint Committee on the Harbor, who were instructed to report "what assistants & outfit are necessary" under an order which passed the Board of Mayor & Aldermen on the 18th inst. appropriating the sum of [illegible] required for this object, was made upon the following basis, viz:

Clerk, to act also as deputy if required,	730.
Boat house, office and Fuel	275
Boat	25
3 Boatmen at $30 per month, each	1080.
Office fixtures	20
Printing laws, regulations, & Stationery	100
	[illegible]0

But in making this estimate, it must be remembered that the matter to which it related is one upon which your Committee have no experience, and that in point of fact no very accurate calculation can be made, until experiment had shown what is necessary to enable the incumbent to discharge the duties of the office. Nor did it occur to your Committee that so great a burden should be borne by the City Treasury. They supposed and do now suppose that some aid may be obtained of the State, whereby provision should be made to meet the whole or the greater part of the expenditure under the Act. Until some such relief be obtained they are disposed to recommend the adoption of the order appropriating twelve hundred dollars for assistants and outfit, [illegible] the Board of Mayor & Aldermen must await the further development of experience and the action

Legislature before the sum be increased. And your Com- 1869.
mittee do most readily recommend this course, inasmuch
as they are convinced to concur with the views of the gentleman
who makes claim to fill the office of Harbor Master. For
the committee, George E. Head, Chairman. Accepted in Com-
mon Council, came up for concurrence. Read and concurred.

is hereby authorized & empowered to execute such papers & instruments
as may be necessary to carry this order into effect.

Resolved, That the safety and convenience of the public in the vicinity of Cambridge Street in said City require that said Street be widened and for said purpose it is necessary to take, and lay out as a public street or way of the said City, a parcel of land belonging to Geo. B. Osborn & Hoffman Doris Ann Richards William Thomas, and heirs of Sumner Hudson, the West Boston Society bounded as follows, viz: Beginning at the Southerly corner of the brick house belonging to George C. Shattuck situated on the Northerly side of said Cambridge Street, and adjoining to the land belonging to the West Boston Society, from thence running westerly by a straight line two hundred and sixty seven feet more or less, to a point on the easterly side of Chambers Street which point is fifteen feet three inches Northerly from the Northerly side of Cambridge Street, then running Southerly by Chambers Street fifteen feet three inches to the present line of Cambridge Street, then running Easterly by the present lines of Cambridge Street, being several bends and a jog in the same to the easterly line of the land belonging to said Society, then running Northerly by said premises of Geo. C. Shattuck one hundred of said Cambridge Street two feet four inches to the place of beginning, taking from the three estates belonging to Geo. B. Osborn and Hoffman & wife 1245 feet from Reuben Richards 1267 feet, from William Thomas and the heirs of Sumner Hudson 136 feet and from said West Boston Society 174 feet. And Whereas due notice has been given of the intention of this Board to take the said parcel of land for the purpose aforesaid, as appears by the return hereunto annexed. It is therefore Ordered, That the parcel of land before described be, and the

same hereby is, taken and laid out as a public Street or way 191
of the said City according to a Survey of the said Premises
made by J. P. Fuller, Surveyor, dated April 18. 1831. and
deposited in the Office of the said Mayor and Aldermen.
[illegible]

On the petition of Leonard Ware Ware Ordered, That due notice be given that this Board will, Broad St.
on Monday next, at 4 o'clock P.M. take into consideration
the expediency of laying a Common Sewer in Broad Street
from said Wares estate to Penn Street and of assessing the
expense thereof [illegible] on the owners and proprietors
of Drains into such Common Sewer, or who by any more
remote means shall receive any benefit thereby: Any person
making objections thereto, will then and there be heard.

Whereas pursuant to an Order Albany
of this Board, passed on the twenty eighth day of June last pub- Street
-lic notice thereof having first been given, a Common Sewer has Sewer
been laid in Albany Street, the cost of which was Six hun-
-dred twenty five dollars and eighty seven cents, one quar-
-ter part whereof being deducted, to be paid by the said City, there
remains four hundred & forty nine [illegible] to be charged [illegible]
& assessed to the same according to law. It is therefore Ord-
-ered, that the persons named in the Schedule hereunto annexed,
being benefitted as aforesaid, be and they hereby are charged
and assessed, with the sums therein set to their respective names
as their proportional part of the expense of the said Sewer and
the same is ordered to be certified and notice thereof given to

Worcester Street Sewer

Whereas pursuant to an Order of this Board, passed on the twenty first day of June last past notice thereof having first been given, a Common Sewer has been laid in Worcester Street, the cost of which was found and declared to be [illegible] dollars and [illegible] cents, one quarter part thereof being deducted to be paid by the said City, there remains ten hundred and sixty dollars to be charged to persons benefitted by the same, according to Law: It is therefore Ordered, that the persons named in the [illegible] annexed, being benefitted as aforesaid, be and they hereby are charged and assessed, with the sums therein set to their respective names, as their proportional part of the expense of the said Sewer, and the same is ordered to be certified and notice thereof given to the parties aforesaid, their tenants or lessees.

Kendall Street Sewer

Whereas pursuant to an Order of [illegible] passed on the [illegible] day of June last, notice notice thereof having first been given, a Common Sewer has been laid in Kendall Street, the cost of which was [illegible] hundred & [illegible] and fifteen and seventeen cents one quarter part whereof being deducted, to be paid by the said City, there remains two hundred & fifteen 13/100 to be charged to persons benefitted by the same, according to Law: It is therefore Ordered that the persons named in the schedule annexed, being benefitted as aforesaid, be and they [illegible] assessed with the sums therein set to their respective names, as their proportional part of the

opinion of the said Jewer, and the same is ordered to be 1893.
certified and notice thereof given to the parties aforesaid,
their tenants or lessees.

Resolved, That the safety & convenience of the Inhabitants of this City require that Commercial Street should be widened, and for that purpose it is necessary to take, and lay out as a public Street or way for the said City, a parcel of land belonging to the Marine Railway Company containing 1120 Square feet bounded as follows viz: [illegible] Commercial Street one hundred and eleven feet Southwesterly by land formerly of Noah Linalm now a part of Commercial Street Sixty seven feet Southeasterly by a Straight line running thro' land of said Marine Railway Company [illegible] and fifteen feet more or less to land of Joseph W. Revere thence Northwesterly by land of said Revere to the place of beginning meaning and intending to be the present line of Commercial Street thro' the land of the present owners thereof to the said Marine Railway Company. And whereas due notice has been given of the intention of this Board to take the said parcel of land for the purpose aforesaid, as appears by the return hereunto annexed. It is therefore Ordered, That the parcel of land before described be, and the same hereby is, taken and laid out as a public Street or way of the said City according to a plan of the said Commercial Street made by G. F. Fuller, Surveyor dated June 1830. and deposited in the Office of the said Mayor and Aldermen. Being Plan No 24. in the fifth bd of City Plans.

The Joint Standing Com-
mittee on Public Buildings who have charge of the erection of the New Hancock School house, find on running the lines for the fence to enclose the yard for said house that the fence will on the South west corner of the building will be within two feet of the School house. A piece of land adjoining can be purchased by the City to enlarge the yard, which the Committee think can be done without injury to the land & the School House, but could not be done for purposes that would be very injurious to the School house & not ruinous. The Committee propose to purchase a piece of land not exceeding 27 by 30 feet which they thought advisable to have when they bought the other estates for the School house, it then could be had for a price that they considered advisable to pay. It can now be had for two dollars per foot containing about seven hundred feet. The Committee would therefore recommend the passing of the following order. For the Committee. Billings Briggs Chairman. Ordered, That the Joint Standing Committee on Public Buildings be authorized to purchase a piece of land to enlarge the yard of the Hancock School house, not exceeding 27 by 30 feet, for a price not to exceed Two dollars per foot. And the same be charged to the appropriation for the Hancock School house. Read, accepted, and the order passed. Sent down for concurrence. Came up concurred. Hancock School house.

Seaver. The Joint Committee on the
Mayor Aldermen & Commonalty to whom was referred the petition of
Joseph Seaver having attended to the same, ask leave to
report. The petitioner represents that he owes the City of
Boston for taxes assessed upon him from 1824 to the present
[illegible] in the sum of $40.00 [illegible] & that he is unable
to pay the same in full and asks that all above 20$ may
be abated. The petitioner is represented to the Committee as
a very industrious laboring man, with a family dependent
upon his daily earnings for support. From these represen-
tations the Committee were disposed to regard favorably
the petitioners' case, and recommend the abatement of
all over $15.00. All which is respectfully submitted J.T.
Wilkins, Chairman. Ordered That the Assessors be and they here-
by are authorized and instructed to abate the taxes now due
from Joseph Seaver in the sum of fourteen dollars and forty
cts. Report accepted and the order passed. Sent down for con-
currence. Came up concurred.

[illegible] The Committee on the Assess-
ment to whom was referred the petition of Roger Flynn,

ask leave to report. The petitioner represents that in 1846. 301.
he & his brother, doing business in partnership, were taxed on
$10.000. shortly after the firm was dissolved, and his brother
assumed and paid the tax bill of that year. In August 1846
your petitioner failed and paid his creditors but 60 cents on
a dollar. When the Assessors went through the wards in 1847,
they found the firm dissolved, and not knowing of the failure
of the petitioner they assessed him upon half the capital of the
firm in 1846, or $500, your petitioner relying upon the notoriety
of his failure, neglected to make a return to the Assessors; and
there appears to be no doubt that by a concurrence of circum-
-stances the petitioner is taxed this year more than he should
be. There was some diversity of opinion in the committee as to
the amount that should be abated but they finally agreed upon
one half; and recommend the passage of the accompanying order.
All which is respectfully submitted. F. H. Wilkins, for the Committee.
Ordered, That the Assessors be and they hereby are authorized and
instructed to abate the tax assessed upon the personal estate &

At a meeting of the board of Aldermen of the City of Boston, held at City Hall, on Monday the Twenty ninth day of November, A. D. 1847.

Present,

The Mayor, and the whole board of Aldermen.

[illegible]

The Proprietors of the Boston Theatre the sum of Eight hundred & fifty eight dollars 66/100 for Land taken to widen Federal Street, upon their executing to the City a Deed for the same, and an acquittance and discharge for all damages, costs & expenses in consequence of said taking; and that the same be charged to the appropriation for Unliquidated claims for widening Streets. Theatre.

Ordered, That warrants be issued for the meeting of the legal voters in their several wards on Monday, the thirteenth day of December next, at eleven o'Clock, A. M. then and there to give in their ballots for Warden; Clerk; five Inspectors of elections; two members of the School Committee; one Treasurer of the Poor; four members of the Common Council. All of whom to be resident in and Inhabitants of their respective wards. Also for Mayor & eight Aldermen, all of whom to be Inhabitants of said City; and all to be voted for on one ballot. The polls to be kept open until four o'Clock p. m. Warrants for Ward meetings.

Ordered, That notice be given to all legal voters, that the board of Aldermen will attend at their room in City Hall, every day until the eleventh day of December next, inclusive, for the purpose of receiving Notice.

To evidence of the qualifications of persons having a right to vote, at the next election, and of correcting the lists of voters in each ward.

East Castle St. widened.

Whereas upon the petition of William Poe and others, to have East Castle Street widened, in the opinion of the Board, the safety and convenience of the inhabitants require that the said street should be widened at the place described in the said notice, it is therefore hereby Ordered, That due notice be given to the South Congregational Society, Cyrus Hyde & all persons interested in the estates on the Southerly side of said East Castle Street, that this board intend to widen the street before mentioned, by taking a part of the land owned by them, and laying out the same as a public street: and that Monday, the Twentieth day of December next, at four o'clock, P.M., is assigned as the time for hearing any objections which may be made thereto.

Taxes abatements.

The several petitions of Noah Childs, Thomas Cordis, also Edward Winslow, and others, in behalf of the "Home for the destitute" for abatement of taxes. Referred to the Committee on the Assessors department. Sent down for concurrence. Came up concurred.

Taxes ordered

The committee on the Assessors department to whom were referred the complaint of J. O'Leary and the petitions of Franklin Dexter, Cyrus J. Sprague, [illegible] Butler Ives and others to appear. Said O'Leary appeared but it is ordered upon evidence that he had invested in a firm as Special partner, and that the firm

is also taxed, and that in this manner he is twice taxed. But the petitioner claims that the tax is unjustly and unfairly assessed because the firm returns to their office a smaller amount of capital than is put in by the Party. The complainant was heard by counsel before the Committee; but he failed to establish [illegible] made out to justify the interference of the City Government. Franklin Porter sets forth that he sailed for Europe with his family in Oct. 1846. and returned to Boston in August 1847. Before sailing he let his house in Boston and moved his furniture to Beverly; and intended on his return to become an inhabitant of that place, where a house was being erected for him during his absence. He claims on these facts that he was not liable to taxation in this City the current year. Inasmuch as there is no pretence that the petitioner acquired a habitancy in Beverly before May 1. 1847, or that he is taxed there on his personal estate & income, the Committee do not deem it expedient to grant his petition. Several petitions have been before the City Government of a similar character; and it is believed the practice has been uniform in giving leave to withdraw. Goring & Sprague set forth that they belong to Lynn where they are engaged in boot making. That they hire a room at the Eastern Rail Road office where they keep a desk & receive orders &c. but have no stock in trade in the City. Were these facts fully established, the Committee, under instructions of the City Solicitor, would deem it their duty to report in favor of the petitioners. But some of the Committee entertained strong doubts whether the firm were not bona fide dealers doing business in this City - and on this

520. ground, the Committee deem it their duty to refuse leave to withdraw, and let the facts be tried by those who are competent to that duty. John Hall represents that he resides at Hartford and thereby is not liable to taxation on Estate upon his personal Estate and income. None of the Committee expressed doubt whether the facts of his case would further the exemption claimed, and the Committee granted leave to withdraw. The petition of Walter Baker presents a case of some difficulty. Mr Baker has usually had his habitancy in Dorchester, though he has recently resided a portion of the winter in the City. In Dec.r 1845. he came with his family to Boston to board, where he continued till March 5. 1846. when he & his family sailed for Europe, where they continued till his return in October 1846. He then recommenced boarding in Boston & continued here with his family till the 3.d of June 1847. with the following qualifications. In the 1.st of April he owned land in Dorchester and at such part of the furniture as would be found, in the 1.st of May he was one of the Assessors on his estate and valued himself for taxation, and he was listed and has paid his tax. On the 2.d of May he returned to Boston and took a house in Salem where his family boarded till 3.d June when with his family he removed to Dorchester. It is to be observed further that during 13 months of his absence a single tax upon Dorchester was levied, which levy expired on the 1.st May 1847. It is to be noticed that Mr Baker resided in Boston when he sailed, and resided here several months after his return, without being at Dorchester and. Viz. Dec.r 2.d 1845. to April 29. 1847. (17 months) there is no

instance that he had his residence in Dorchester, and during this period, or most of it, his house then was the residence of another family. And for the months of May and to 3d of June 1845 he had his residence, actually in this city, viz. from Apl 29. to May 2d and his family all the time without any interruption. Under these circumstances the Committee recommend that the following persons have leave to withdraw their papers. J. G. Carr, Franklin Dean, Henry D Sprague, John Hall, Walter Baker. All which is respectfully submitted. Jno A. Wilkins, Chairman. Read and accepted. Sent down for concurrence. Came up concurred.

was eight hundred & ninety eight dollars and fifty cents,
one quarter part whereof being deducted, to be paid by the
said City, there remains Six hundred & seventy three dollars
95/100 to be charged to persons benefitted by the same, according
to law: It is therefore Ordered, that the persons named in the
schedule hereunto annexed, being benefitted as aforesaid,
be and they hereby are charged and assessed, with the sums
therein set to their respective names, as their proportional part
of the expense of the said Sewer, and the same is ordered
to be certified and notice thereof given to the parties aforesaid,
their tenants or lessees.

Whereas pursuant to an Order [illegible]
of this Board passed on the fourteenth day of September Charles Street
last public notice thereof having first been given, a Com- Sewer
-mon Sewer has been laid in Haverhill Street, the cost
of which was two hundred & fifty one dollars and fifty six
cents, one quarter part whereof being deducted, to be paid by
the said City, there remains One hundred & eighty eight
dollars 67/100 to be charged to persons benefitted by the same,
according to law: It is therefore Ordered, that the persons
named in the schedule hereunto annexed, being benefitted
as aforesaid, be and they hereby are charged and assessed

Fort hill

Gun house

The Committee on Public Buildings, to whom were instructed to inquire whether any infringement has been made upon the rights of the City, abatement to the land on which the Gun House is placed on Fort Hill, have attended to the duty, and ask leave to report. The

Committee have endeavoured to ascertain the true state of facts relating to this lot of land but it has been so long left open and unfenced that the Committee have found it difficult to come to any satisfactory conclusion in regard to it. In this state of uncertainty, the Committee deem it proper that the lot be surrounded by a rough board fence, leaving a lane from the side walk of the street and the doorway of the Gun house. In this way the rights of parties will be saved, and the Committee think that it may thus be that all uncertainty in relation to the City's rights should be removed. They therefore recommend the passage of the subjoined order. Per the Committee, Billings Briggs, Chairman. Ordered, That the Committee on Public Buildings be authorized and instructed to cause a rough board fence to be erected around the Gun house lot on Fort hill leaving a lane from the street to door way of said Gun house. Read, accepted and the order passed. Sent down for concurrence. Came up concurred.

The Joint Special Committee to which was referred a communication from the Mayor concerning the commencement of a Public Library, and also certain orders relating to the system of public exchanges of books &c. between Cities on the plan suggested by Mr Fetter- man report: That in their opinion the establishment of a Public Library is recommended by many considerations. It will tend to interest the people at large in literature and science. It will provide for those who are desirous of reading a better class of books than the ephemeral literature of the day. It may be the means of developing minds that will make their possessors an honor & blessing to their race. It will give to the young when leaving School an opportunity to make further advances in learning and knowledge. It will be supplying an innocent & praiseworthy occupation, prevent a resort to those scenes of amusement that are prejudicial to the elevation of the mind. It will in addition to lectures established by Mr Lowell & the libraries & advantages of the neighbouring University, tend to make this City the resort of learned and scientific men from all sections of the Country, increasing the intelligence the character and the wealth of the city. In this connection the Committee are of opinion

that the plan of national exchanges as proposed by Mr Vattemare
[illegible] the attention [illegible]
tendency to unite nations and disseminate knowledge is too
obvious to need illustration. The books we have already re-
ceived from the City of Paris have proved of value, both in
public and private undertakings, by furnishing the knowledge
which has been acquired by the experience of the old world
[illegible]
in advance of the age. We may not be able to
return books of the same kind, but we can send to our sister cities on this
continent those which may be of great importance. In this
point of view the establishment of this library and the adop-
tion of this System appeared to your Committee one of pecu-
liar interest to our community. Linked together as we are
by political and business relations, the character and in-
telligence of the people in every City between Massachusetts
and Oregon is of vast importance to the Citizens of Boston.
[illegible]
be imitated. By a System of exchanges our best books may be
placed within the reach of all classes of the people without
expense. Those who write books which are intended for gener-
al circulation will be willing gratuitously to furnish copies
that are to be placed where those who will guide the litera-
ture of the community, will have access to them. It will
prevent the establishment of public libraries [illegible]
of work of science, literature and art will be productive of
great good and it will [illegible]

The Committee do not [illegible]
make any appropriation for the purchase of books, or [illegible]

[illegible] out any encouragement that it will be done hereafter. They [illegible] that they should receive and take care of any [illegible] may be entrusted for the purpose and agree that when the Library is of sufficient importance to justify the expense to provide means that should enable all the Citizens to use it with as little restriction as is consistent with the safety and preservation of the property. They therefore submit the following orders. In the Board of Aldermen. Josiah Quincy, Jr. Chairman. Ordered, That the City of Boston will accept any donations from Citizens or others for the purpose of commencing a Public City Library. Ordered That whenever the Library shall be of the value of Thirty thousand dollars, it will be expedient for the City to provide a suitable place and arrangements to enable it to be used by the Citizens with as great a degree of freedom as the [illegible] City of the Library will permit. Passed in Common Council, and the orders passed. Came up for concurrence. Read and concurred.

To the Honorable the Old Mayor and Aldermen of the City of Boston. The Old Colony Railroad Corporation, a Corporation duly established and existing by law in the Commonwealth of Massachusetts, herewith

Old Colony

file with your Honors agreeably to their act of incorporation, and the general laws of said Commonwealth, the location of the extension of their Railroad in Boston, authorized by an Act, entitled "An Act to authorize the Old Colony Rail-road Corporation to extend their Railroad in Boston" passed on the twelfth day of June A.D. 1845. The said location is as follows, namely:- The centre line of the Rail-road extended under said Act and of which said Corporation hereby file the location, commences at a point on their bridge across the channel separating South Boston from Boston proper, Sixty feet distant, Southerly, from the North end of said bridge, and thence runs Northwesterly, on a curve of Five hundred and twenty feet radius, Five hundred and thirty four feet, passing the Northwesterly corner of the Worcester Railroad and Clarke's Wharf, and a distance of Seventeen feet therefrom, across Lehigh and South Streets at their junction, to land recently purchased by said Old Colony Railroad Corporation of the South Cove Company and others; thence Two hundred and ninety three feet, on a curve of Six hundred and thirty four feet radius, curving Westerly; thence Six hundred and seventy two feet on a line parallel with that part of Cove Street between Furnace and Kneeland Streets and distant from the Westerly side of said portion of Cove Street, Two and one half feet and extending to Kneeland Street, at which point and known on said corporation as the said Railroad is Seventy four feet in width on each side of the above described centre line, from its commencement on the bridge aforesaid to and over said part of Lehigh and South Streets

=cepted to said line up to the land purchased by said Cor-
=poration of the South Cove Company and others, and from the
Northerly side of said Lehigh Road to said Ancelend Street
the width of said land, to be taken to five rods or two and one half rods on each
side of said centre line. The said location will also more fully
appear by the plan thereof herewith filed, made by C. E. Eaton
Engineer and of even date herewith, signed and certified by
Nathan Barnuth President of said Corporation and to which
reference is made. In Witness whereof the said Nathan Bar-
=nuth President of said Corporation, thereto duly authorized,
hath hereunto set his name this twenty eighth day of Decem
=ber in the year of our Lord eighteen hundred and forty-four;
the word "and twenty" being first inserted once on the first page,
and the words "or twelve feet" once on the second page. Nathan
Barnuth President of O. C. R. Road. The location of the extension of
the Old Colony Rail Road in Boston, and the plan of the same
as referred to in said location were received and placed on
file.

Ordered, That all matters
and things not acted upon be referred to the next board of
Aldermen.

The meeting was then adjourned without day.
Attest, S. W. Cleary, City Clerk.

I the subscriber do hereby certify, That the
foregoing is a true record of proceedings of the Mayor & Alder-
men for the year 1847. Page 1. to 367, inclusive. —
S. W. Cleary, City Clerk.
